Armament Set Parabellum with Mount

Model : AS Parabellum

Manufacturer : -

PARABELLUM MACHINE GUN KIT

These gun kits incorporate CNC cut brass, wood and aluminum construction like that found in our scale instrument kits.

The guns include leather feed belts and ammunition drums laser cut parts and Maple stocks.

The kits also have illustrated assembly directions.

The guns are offered in 1/12 through 1/3 scale sizes with other scales by special order.

The builder will need to supply a piece of aluminum tube or dowel rod, paint and glue to complete.

Parabellum gun kits are sold individually.

Full scale 7/8 and 3/4 size gun kits or assembled replicas are available too. These large scale replicas can be gas operated. Large scale kits are specially made to suite your specifications. Call for details.
