Royal Aircraft SE5 Interior Kit  
(Generic)

With the instrument graphics provided from the manufacturer we have been able to reproduce these authentic vintage cockpit gauges in engraved plastic. With laser cut acrylic crystals and bezels you can finish your models dash panel just like the real thing. Add to this a laser cut dash panel, pilots seat and leather trim for the cockpit combing and you are on your way to collecting your scale trophy. Detailed drawings accompany the kit.

Don't fly without these, you will get lost and run out of gas!
