Large Size 40 Spoke Wheel Kit

Model : 40 Spoke Wheel

Manufacturer : -

40 SPOKED WHEEL KITS

Contest Grade

Super scale spoked wheel kits, lightweight and sturdy, with sizes from 3 1/4 inch to 10 inch diameters.

Now offered with new lightweight tires in soft black rubber, these wheels are finely detailed and light in weight.

These wheels feature CNC machined scale aluminum rims, CNC machined hubs, and are available in the 40 spoke German / French patterns (other patterns special order).

These wheels are easy to assemble with silver solder or JB Weld epoxy.

All wheel kits come with illustrated directions.

All wheel kits can be assembled in a variety of styles suitable to your scale subject.

The builder supplies their preference of spoke material either stainless wire or music wire (.025 - .032)

Instruction Manual

Available assembled for an additional \$175 per pair (all sizes)

All wheels come in pairs. Prices are per pair.
