Museum Quality Airplane Kits > MQ De Havilland DH-1a Airplane Model Kit

## MQ De Havilland DH-1a Airplane Model Kit

Model : Museum Quality DH-1a

Manufacturer : De Havilland

Unlike any other airplane kit available today our DH-1a contains over 1000 wood, brass and aluminum parts. Recommended for experienced modelers only this superbly detailed aircraft is also an excellent flier. Simple (and scale) wing separation allow for easy breakdown for transportation to and from the field.

With historical information, full sized assembly plans and dozens of photos included in the documentation package all the research is already done for you. This challenging project of a unique subject uses many full scale construction techniques and actually flies with a working pull-pull cable system.

This impressive airplane comes complete with all fittings and accessories, including the following:

- 80 Turnbuckles
- Metal Fittings
- Lewis Machine Gun Kit
- Laser Cut Parts
- Color Reference Plans
- Beardmore Engine Kit
  
- Full Cockpit DetailsSpoked
- Wheel Kit
- Brass Hardware
- Scale DocumentationColor
- Photo Package
- Working Cable System

### Design Specifications
