Museum Quality Airplane Kits > MQ Nieuport 17 Airplane Model Kit

MQ Nieuport 17 Airplane Model Kit

Model : Nieuport 17 and 23

Manufacturer : Nieuport

A favorite of the Lafayette Esquadrielle the Nieuport 17 helped to stem the tide of German air superiority.

This is a two way kit. Build the 17 or the less often seen Nieuport 23.

Kit Is Recommended For Intermediate Modelers

This scale kit introduces our new fast build CNC router cut design. Designed directly from 5 view drawings with details provided from the Bergen Hardesty drawings this museum scale model is an excellent candidate

for conversion to electric power. This predictable flier comes not only with a fully detailed cockpit but the controls are designed to work along with the radio. With scale instruments wire wheels and an aluminum cowl you have a realistic miniature replica in a fraction of the time.

In The Airplane Model Kit
