Scale Model Airplane Kits > Scale Model Albatros D.I Model Airplane Kit

Scale Model Albatros D.I Model Airplane Kit

Model : Albatros D.I

Manufacturer : Albatross

These kits come with loads of details, such as under cambered scale wings, a Mercedes engine kit, a scale interior, aluminum spinner, vintage wheels, and Spandau machine guns.

With laser cut parts and scale metal hardware this model is super detailed.

This early Albatross fighter is has a plywood covered fuselage but unlike the more common D.V and D.Va the fuselage has flat sides making it much easier to build and cover.

Originally designed at a 1/4 scale size we have resized the kit to the larger 1/3 and smaller 1/6 scales. Light weight scale like construction is ideally suited for electric power or can easily be converted to gas.

Our Albatross D.I kit is highly detailed and comes with a reference CD ROM containing photos, web links and a set of full sized construction plans.

Although the kit is defiantly suitable for contest competition builders with intermediate skills will easily build this kit.

Design Specifications Bold Numbers denote original design scale

Scale	1/6	1/4	1/3
Span - inches	56	83	111
