## Small Size Wheel Kits

Model : Regular Size Wheel K

Manufacturer : -

### SMALL SPOKED WHEEL KITS

Contest Grade

Super scale spoked wheel kits, lightweight and sturdy, with sizes from 1 inch to 3 1/4 inch diameters.

Now offered with new lightweight tires in soft black rubber (tan too in some sizes), these wheels are finely detailed and light in weight.

These wheels feature CNC machined scale aluminum rims, CNC machined hubs, and are available in the 24 - 40 patterns (dependent on diameter).

These wheels are easy to assemble with CA.

All wheel kits come with illustrated directions.

The builder supplies their preference of spoke material either stainless wire (.005) or silk thread

Instruction Manual

Available assembled for an additional \$175 per pair (all sizes)

All wheels come in pairs. Prices are per pair.

Sizes are in inches
